## Motel Fire

**Kent, Wash. - April 8, 2016** - Two people were displaced today after their motel room caught fire in the 700 block of Central Ave. N.

Firefighters were dispatched at 11:47 am, and found smoke coming from a unit of the single story building. After quickly extinguishing the fire and making sure that no one inside, firefighters checked the units on both sides to make sure the fire had not spread.

No one was in the motel room at the time of the fire. There did not appear to be working smoke alarms in the unit.

A fire investigator has determined that the fire was caused by combustible materials left too close to a wall heater.
