

South King County Fire Training Consortium (Interlocal Agreement)

This agreement is made and entered into by and between the undersigned municipal corporations, collectively referred to as “Agency” or “Agencies.”

RECITALS

1. This agreement is entered into in conformity with chapter 39.34 RCW, the Interlocal Cooperation Act.
2. The Agencies currently each maintain and operate their own fire departments to provide emergency responder services, including fire protection, fire suppression, and emergency medical services and non-emergent medical care in their respective areas.
3. It is recognized that the Agencies have staffs that are performing similar tasks on a daily basis and that have varied talents, skills, and expertise; and by allowing the staff to coordinate and collaborate, the skills and abilities of the individuals could be used in a manner that increases the level and efficiency of training.
4. The Agencies desire to provide training at the highest possible level while managing the costs by eliminating duplication of effort and/or expenses where feasible and making the most effective use of combined resources.
5. The Agencies have concluded that collaboration based on equal participation would provide the highest level of training with the least duplication and cost and allow for the completion of functions not possible within current funding.
6. The South King County Fire Training Consortium was initially created in 2013 and has adopted the following Mission and Vision Statements:
 - a. **Mission:** Develop and deliver superior training to improve performance and safety.
 - b. **Vision:** Unify and enhance regional training that improves operational consistency, implements industry best practices and promotes a shared culture of excellence.
