## **FOR IMMEDIATE RELEASE**

### **Deep Frying Turkey Demonstration**

Burien, Wash – November 14, 2017 – The media is invited to join the students and staff of the Puget Sound Skills Center as we host two demonstrations on the hazards of deep frying a turkey incorrectly.

Each year many people deep fry their holiday turkey instead of the more traditional method of baking it. When done right, it's wonderful, but when done wrong, it can be a disaster in the making.

The demonstrations will be held for the entire student body, which has early and late morning sessions. In addition to showing the potential dangers of deep frying a turkey, the students will also learn about the hazards of putting water on an oil fire.

The events will be conducted by the PSSC's Fire Service program, which provides education and training for high school students who are interested in becoming firefighters.

If any media would like to be on hand for the demonstrations, please contact Captain Kyle Ohashi at 206-450-8400. There will be students available for interviews following the demonstration.

Date: November 17, 2017 (Friday)

Times: 8:30 am and 11:30 am (times are approximate)

Location: PSSC

18010 8 Ave. S.

Burien, WA 98148
