FOR IMMEDIATE RELEASE

Vacant Office Building Fire in Kent

Kent, Wash – July 22, 2018 – At 2:02 AM a fire outside a vacant office building was called into 911 at E. Ward and State Ave. N.

Puget Sound Fire units responded and found an exterior rubbish pile next to a building on fire. The fire did catch the buildings outside wall on fire which was quickly extinguished by firefighters.

As the fire was being extinguished the search of the interior of the building determined there were no occupants.

The cause of the fire is still under investigation by Puget Sound's Fire Investigators.

Puget Sound Fire would like to suggest to its residents that keeping debris piles and tall grass and brush away from your home or business during this dry time of year will reduce your fire risk.
