FOR IMMEDIATE RELEASE

Kent House Fire

Kent, Wash – September 27, 2018 – Four people have been displaced after their home was badly damaged by an early morning fire in the 26500 block of 115 Pl. SE.

The fire was first reported to 911 at 4:06 am by several people, including the occupants. Everyone was able to get out of the home safely, though a dog died in the fire.

When Puget Sound RFA firefighters arrived, they found flames coming from the entire front of the two-story house and both cars in the driveway burning. The fire was upgraded to a second alarm to bring in additional firefighters.

Because of the amount of damage to the house, much of the fire was fought from the outside once firefighters were informed that the family had escaped.

No other homes were damaged by the fire.

Red Cross is assisting the family and investigators are on scene to determine what started the fire.
