Bathroom fire in apartment

Kent, Wash – 05-08-2019 – At 7:07 PM a fire in the bathroom burned through the door into the bedroom causing the sprinkler head to activate along with the fire alarm in the 24600 block of Russell Road South.

Hearing the alarm the family members were able to safely evacuate the apartment and call 911.

Puget Sound Fire Department units arrived with smoke coming from the front door. Entry into the home was quickly made and the fire extinguished in the bathroom.

Thanks to the sprinkler in the bedroom the fire did not get beyond the bathroom door.

The apartment below the fire had water damage from the water used to extinguish the fire above.

American Red Cross was called and arrived to help the two displaced families.

Cause of fire is still under investigation.
