

Sparky's Answer Key

Making a "SAFE" Outdoor Recreation Fire

Circle the pictures that make a "safe" outdoor recreation fire.

Know the rules/ conditions before you start a fire

Only burn wood and dry leaves

Grownups should always watch the fire and never leave the fire unattended

Use a shovel to put dirt on the flames and water to cool and put out the Fire dead out

Only use matches or lighters to light the fire.
Matches and lighters are tools for grownups not toys for children

Dig a firepit and circle it with rocks to contain the fire
